

Global Ambassadors Language Academy 6-8 Middle School Math Teacher, Bilingual (Spanish & English)

Organization Background

Global Ambassadors Language Academy (GALA) is an international, dual language immersion, K-8 school in Cleveland, Ohio. As a nonprofit, public charter school, GALA is tuition-free and enrolls students from within and around Cleveland. GALA currently offers two target immersion languages: Mandarin and Spanish. As the *only* dual language immersion school in Northeast Ohio and the *first* Mandarin immersion school in Ohio, GALA offers a nationally successful education model to the region.

As a dual language immersion school, GALA provides instruction of all core subjects (Math, Reading, Science, Social Studies) in two languages: English and a Target Language (Mandarin or Spanish); leading to dual proficiency (reading, writing, listening, speaking).

GALA's Mandarin Immersion Program and Spanish Immersion Program is enrolling K-7 students for the 2022-2023 school year. GALA will add one grade level each year and grow each year to eventually serve approximately 600 PreK-8 students. In grades K-2, instruction is provided in the Target Language for 70% of the school day and in English for 30% of the school day. In grades 3-5, instruction is provided in the Target Language for 60% of the school day and in English for 40% of the school day. In grades 6-8, instruction is provided in the Target Language for 50% of the school day and in English for 50% of the school day. This model involves two teachers per grade (K-8): one to provide instruction exclusively in the Target Language and the other to provide instruction exclusively in English.
