# **Career Advising Policy**

This policy on career advising is reviewed at least once every two years and made available to students, parents, guardians and custodians, local post-secondary institutions and district residents. The policy is posted on the school's <u>website</u>.

The School's plan for career advising includes, providing:

- 1. Grade-level examples that link students' schoolwork to one or more career fields by implementing the Career Connections Learning Strategies offered by the Ohio Department of Education.
- 2. Career advising to students in grades 6-12, which includes meeting with each student at least once annually to discuss academic and career pathway opportunities.
- **3**. Additional interventions and career advising for students who are identified as at risk of dropping out of school. These include:
  - a. Identifying students who are at risk of dropping out of school using a local, research-based method with input from teachers, school counselors and other appropriate school staff.
  - b. Developing a Student Success Plan for each at-risk student that addresses both the student's academic and career pathway to successful graduation and the role of career-technical education, competency-based education and experiential learning, when appropriate.
    - i. Before the School develops a student's Student Success Plan, the School will invite the student's parent/guardian to assist. If parent/guardian does not participate in the plan development, the School will provide the parent/guardian a copy of the plan, a statement of the importance of a high school diploma and a listing of the pathways to graduation available to the student.
- 4. Training for employees on how to advise students on career pathways, including use of the tools available in <u>OhioMeansJobs K-12</u> and other online sources provided by the School.
- 5. Multiple academic and career pathways through high school that students may choose to earn a high school diploma, including opportunities to earn industry-recognized credentials and postsecondary course credit through College Credit Plus.
- 6. Information on courses that can award students both traditional academic and career-technical credit including, but not limited to, the School's policy on credit flexibility and instructions for students to access the educational option.
- 7. Documentation on career advising for each student and student's parent, guardian or custodian to review, as well as schools that the student may attend in the future. These include activities that support the student's academic, career and social/emotional development.
- 8. The supports necessary for students to successfully transition from high school to their postsecondary destinations, including interventions and services necessary for students who need remediation in mathematics and English language arts.

# **Student Success Plan**

A Student Success Plan is one component of the Career Connections K-12 Framework. This outline provides an example of the supports, services, tools and activities that comprise a comprehensive career development experience for students. It can serve as a model for staff when developing Student Success Plans with students. Note that this outline is not exhaustive and other curricula and services are required. Individual student readiness should be considered when determining the most appropriate age or grade for each respective component of this outline. Leveraging an online career planning tool to document activities and experiences, such as OhioMeansJobs K-12, is highly recommended.

The Student Success Plan is one component of the career development process and will assist you in planning for your future. This is a working document that will change as you complete career exploration activities and learn more about your interests, skills and values.

#### **Required:**

- Contact information
- Career Pathway goals
- Academic Pathway Plan
- Assessment record
- Career-ready skills
- Career exploration activities
- Planning checklist

#### **Recommended:**

- Résumé and cover letter
- Letters of recommendation
- Career narrative
- Record of awards earned
- Academic and career-related classroom work
- Career-technical education competency test results, credentials and certificates earned (if applicable)
- College and postsecondary admission test results and transcripted credit earned in high school (if applicable)
- Individual Transition Plan (ITP, if applicable)
- Other items deemed appropriate

### **Career Pathway Organizer**

Circle one: Grade 6 7 8 9 10 11 12

Begin your career planning by responding to the statements below. Since your career goals may change over time, you should revisit and update this form each year. This document is a tool to help you identify career and educational goals. It will not guarantee employment in a specific job and allows you to change your mind as you learn about various career fields and jobs. After you complete this form, go on to the Academic Pathway Plan to map your courses from grades 8-12.

| After high school, I plan to: <ul> <li>Work full time</li> <li>Work part time and attend school</li> </ul>   | 4) What do you plan to do after high school to reach your goal(s)?   | 8) What other career goals(s) and educational plan<br>have you considered as a second choice? |              |  |
|--|--|---|--------------|--|
| <ul> <li>Attend a two- or four-year postsecondary institution full time</li> <li>Attend technical school full time</li> <li>Enter the military as a career</li> <li>1) What is your career goal(s)?</li> </ul> | 5) What activities and skill training will you need to learn outside of school to reach your career goal(s)? | Approval of Student Success Plan:   |              |  |
| 2) What interests, skills and knowledge support your career goals?   | 6) What degree, certification, licensure or specialized training will you need for your chosen career?       | Student Signature<br>Parent/Guardian Signature  | Date<br>Date |  |
| 3) What courses do you plan to take in high school<br>to reach your goal(s)?   | 7) Has your career goal(s) changed since last<br>year?   | Teacher/Counselor Signature   | Date         |  |

## **Academic Pathway Plan**

Begin your course planning by identifying your chosen career cluster. You should review your courses annually and make changes and updates as needed. This form will help you decide on the most appropriate educational options to help you reach your career pathway goals. You should use your school's course catalog to determine which courses are offered by your school and career-technical center. Be sure to talk with your parent/guardian and teacher/school counselor to help you make final decisions.

Programs, experiences and activities to support my academic and career goals:

Additional interventions or assistance I need to for my future success:

### **Assessment Record**

A record of the assessments that you have taken is an important tool to use to guide you on your career path. Record the results of tests and assessments that you have taken in the appropriate areas. Identify the date taken, assessment tool and your results with appropriate comments.

| Achievement Assessments        | Career Interests | Career Skills and Values | Other    |
|--------------------------------|------------------|--------------------------|----------|
| College and Career Ready Exams | Date             | Date                     | Date     |
| ACT/SAT                        | Tool             | Tool                     | Tool     |
| WorkKeys/ASVAB                 | Results          | Results                  | Results  |
| Comments                       | Comments         | Comments                 | Comments |

### **Career-Ready Skills**

Listed below is an example of the skills necessary for workplace success. Use this worksheet to describe your abilities to perform skills. As you demonstrate specific skills, write a brief description in the appropriate space. Note: your school may have additional skill requirements for career readiness. Check with your teachers and school counselors before completing this worksheet.

**Resources:** Identifies, organizes, plans and uses resources and time effectively.

**Interpersonal:** Works as a team member, teaches others, serves customers, leads, negotiates and works successfully with people from diverse backgrounds.

Systems: Understands complex interrelationships, monitors and corrects performance and improves systems.

**Technology:** Works with a variety of technologies and applies them to specific tasks.

### **Career Exploration Activities**

Use this activity to record experiences that relate to your career goal or to identify those experiences you would like to have. As you write a brief description in the appropriate space, indicate whether it is a goal or an actual experience. You may include longer reports of your actual experiences separately in your Student Success Plan.

Exploration: Research, Workplace Visit with Interview, Job Shadowing, etc.

**Career Mentorship** 

Internship/Co-Op/Pre-Apprenticeship

**Community Service and Service Learning** 

Work Experience (paid or unpaid)

Career-Technical Education, College Credit Plus, Competency-Based Education, etc.

### **Planning Checklist**

Use this checklist to help ensure that you have gained the knowledge, information and skills necessary to develop and maintain your education plans and career goals. When you demonstrate specific skills, you will check the box next to them. Keep this form in your Student Success Plan so that you can update your skills each year. Provide comments, as appropriate, to document your understanding.

| I have updated (and changed, if needed) my Student Success Plan (6_); (7_); (8_); (9_); (10_); (11_); (12_).               |
